

# Incomplete Me

## For All Those Sleeping

The night rolls on like the beat of a drum  
It goes bang, bang, bang. Til the morning comes  
I'm screaming at the sun just to feel this  
Just to feel this, just to feel

The night rolls on like the beat of a drum  
It goes bang, bang, bang. Til the morning comes  
I'm screaming at the sun just to feel this  
Just to feel this, just to feel!

On and on, I keep building  
On and on, these walls to keep you out  
I'm not lost, I know exactly who I am  
And that's not my problem  
So if you think there's room in this heart for two  
You should know that you fall the hardest

The night rolls on like the beat of a drum  
It goes bang, bang, bang. Til the morning comes  
I'm screaming at the sun just to feel this  
Just to feel this, just to feel

The night rolls on like the beat of a drum  
It goes bang, bang, bang. Til the morning comes  
I'm screaming at the sun just to feel this  
Just to feel this, just to feel!

Brace yourselves, cuz there's no meant to be  
We're all dreaming  
With all I've known and all I've seen  
Could there ever be, could you ever  
Incomplete me

On and on, I've never hated anyone  
Without them hurting someone I love  
On and on, I've never loved anyone  
Without them hurting me, my heart's a black hole!

On and on, I've built these walls to keep you out  
But do they just keep me in?

The night rolls on, the night rolls on  
The night rolls on like the beat of a drum  
It goes bang, bang, bang. Til the morning comes  
I'm screaming at the sun just to feel this  
Just to feel this, just to feel!

Brace yourselves, cuz there's no meant to be  
We're all dreaming  
With all I've known and all I've seen  
Could there ever be, could you ever  
Incomplete me
