

# Trauma

Foxygen

All you people who confuse and abuse  
Be gone, throw your parapets into the fire  
Trauma (Trauma)  
Trauma (Trauma)  
Trauma, yeah

Ooh, yeah so you free it from the trauma  
(Trauma) Trauma  
(Trauma) Trauma  
Everyone has their own trauma (trauma)  
Trauma (Trauma)  
Trauma just like me  
Oh, trauma  
If I could get over this trauma (trauma)  
Trauma, trauma  
Oh, everyone, everyone has their own trauma  
Oh, their own trauma  
Some are big and some are much larger  
Oh, but they come from our mothers and fathers  
Among others

I got the paper from the lawn today  
Don't get out that much these days  
Anyway, but how can I tell you if I don't know what to say?  
Remember when we used to speak between the stars  
And I see you with flamingos in the yard  
But how can I love you if I don't know who you are, yeah?  
How can I love you if I don't know who you are?

Caution  
Cau-caution  
Cau-caution  
Cau-cau-cau-caution  
Caution, baby  
Cau-cau-caution, baby
