

Time And Time Again

Fragma

You know we've got a little secret
We hold each other close and keep it
All to ourselves
Your love is my protection
You take my breath away
I long for your affection everyday

(Time to time...)

You know we've got a little secret
We hold each other close and keep it
All to ourselves
Your love is my protection
You take my breath away
I long for your affection everyday

I feel you, see you
Time and time again within my heart
I knew it from the start

I feel you, see you
Time and Time again within my heart
We're never gonna part

You know that we should be together
I feel you're in my soul
I'll never ever let you go
Your love is the solution
You take the blues away
You are the one conclusion everyday

I feel you, see you
Time and Time again within my heart
I knew it from the start
I feel you, see you
Time and Time again within my heart
We're never gonna part
