

What She Came For

Franz Ferdinand

I got a question for ya, i got a question for ya.
Where'd you get your name from, where'd you get your name from?
I got a question for ya,
Where do you see yourself in five minutes time.

Ah with a laugh like that, or a look like that.
You makes us all feel gauche, like it's a smutty joke but.
With a laugh like that, or a look like that.
You make us all just go:
La la la la

Wohow, look out, know what she came for.
Know what she came for. No question, no doubt.
Wohow, look out, know what she came for.
She knows what she came for. No question, no doubt.
Wohow ohohho
Know what came for ohohho.

I got a question for ya, another question for ya
Ah do ya feel the, how do ya feel the pressure.
Why you wearing what you wearing.
Where will you laugh - Be gone in five minutes. Fiiiive.
So say something stupid, you know that love to.

Wohow, look out, know what she came for.
Know what she came for. No question, no doubt.
Wohow, look out, know what she came for.
She knows what she came for. No question, no doubt.
Wohow ohohho
Know what came for ohohho.
Know what came for ohohho.
Know what came for ohohho.

Know what came for
Know what came for
Know what came for
