

Hot Air Balloons

Freezpop

We're underneath the rising sun
we open arms to everyone
the sky is ours, we must prepare
hot air balloons are everywhere

We know our goal, we must ascend
so come and join us, now my friend
the sky is filled, we must prepare
hot air balloons are everywhere

Do not be scared, do not be scared, do not be scared

Adventure in a far-off place
the morning comes, it's time to race
the sky is ours, we must prepare
hot air balloons are everywhere

All up and down, incessantly
we're numbering infinity
the sky is filled, we must prepare
hot air balloons are everywhere

Do not be scared, do not be scared, do not be scared
(okay, be scared)
