

# Trapped Inside the Cage of My Soul

From Autumn To Ashes

Inside me.  
Empty.  
Is how you left.  
Confused scared alone, I am confused.  
I am scared.  
I am alone.  
I am without you.  
You are heartless, without compassion.  
I will watch you die.  
I will not cry.  
Haze clouds these translucent eyes.  
Sweat creeps down callused hands.  
The lies outside, I cannot feel.  
The pain inside burns.  
And as tears slip she does it again.  
Rips out my brittle heart.  
Scarred, bruised and broken.  
To the ground in tears I fall.  
Adness locked inside me.  
Time ticks by, and soon I realize life won't end, it can't end.  
Not like this, not with sorrow and not with fear!  
I know you are scared, cause I am too.  
And as tears slip she does it again.  
Haze clouds these translucent eyes.  
Sweat creeps down callused hands.  
The lies outside I cannot feel.  
The pain inside burns.  
I know you cared.  
Why did you leave?  
From my knees I now stand.  
Bleeding for you from my heart.  
Now cage.  
Now praising life for what I was given.  
From my knees I now stand.  
Bleeding for you from my heart.  
Now hating life for what was taken from me, by you.
