## From Dawn To Fall

Today again the sun is calling  
Where do we go from here  
We hold the future in our hands

We've been writing this record  
What do you think what did you expect?  
Listen up, listen up closely  
Still we're rising

Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Woah oh oh oh oh  
Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Anymore

Phone me, phone you, no phone  
Where are we going from here?  
Call me, call you, call home  
We're keeping every dream we have

We've been writing this record  
What do you think?  
What did you expect?  
Listen up, listen up closely  
Still we're rising  
The rising is here

Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Woah oh oh oh oh  
Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Anymore

Why did it take so long for us  
To come back how we used to be  
Oh I can honestly tell you that  
These songs describe how we really feel

Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Woah oh oh oh oh  
Raise your hands up into the air  
Let the stars shine bright  
There is nothing left to fear  
Anymore
