

Mongoose

Fu Manchu

Look inside, day started right
A back road in a dirt town lives all time
The mongoose flies
The mongoose flies
The mongoose flies
The mongoose flies
Removed from the times
Event for the eyes
Mid day they gathered one by one
All time
The story lies behind
The mongoose flies on by
Out on the street they ride
The mongoose flies on by
Slowly turns signals high
What happens next, all time
The story lies behind
The mongoose flies on by
Out on the street they ride
The mongoose flies on by
The story lies behind
The mongoose flies on by
Out on the street they ride
Look inside, day started right
A back road in a dirt town lives all time
The story lies behind
The mongoose flies on by
Out on the street they ride
The mongoose flies on by
The story lies behind
The mongoose flies on by
Out on the street they ride
The mongoose flies on by
