## Ojo Rojo

## Fu Manchu

She wanted nothing and I delivered Drawin' aces down the river
My car, I could give her
Shine that back down the river
Man of leisure 'round town
Dull nova, primed and brown
Smoke's coming out of the back
Wish I had my Cadillac
I revved it up, hundred and one
Kansas City, here I come
The meter said one ninety five
Hey ladies, want a ride?
Want a ride?
