

Shut the Door

Fugazi

I break the surface so I can breathe
I close my eyes so I can see
I tie my arms to be free
Have you ever been free?
She's not breathing
She's not moving
She's not coming back
I burn a fire to stay cool
I burn myself,
I am the fuel
I never meant to be cruel
Have you ever been cruel?
She's not breathing
She's not moving
She's not coming back
Shut the door so I can leave
