

In One Ear & Out The Other

Fujiya & Miyagi

Do I have to spell it out to you for me to call it
Or just slowly ah ah ah
You get to know your place on the food chain
You get to know your place on the food chain
Read my lips carefully
And release endorphins

She got me wrapped around her little finger

In one ear and out the other
In one ear and out the other
She got me wrapped around her little finger

In one ear and out the other

Oh you're so experimental
Oh how you think of your soul
You can't stop boxes to a beef of compilations
You can't stop bosses oh oh

You get to know your place on the food chain
You get to know your place on the food chain

Kinks in the S.O. box
My dogs are barking
My dogs are barking, oh oh
She got me wrapped around her little finger, uh uh

In one ear and out the other
In one ear and out the other
She got me wrapped around her little finger

In one ear and out the other

You get to know your place on the food chain
You've got to know your place on the food chain
You've got to know your place on the food chain

She got me wrapped around her little finger
She got me wrapped around her little finger, uh uh
Got me wrapped around her

She got me wrapped around her little finger
She got me wrapped around her little finger oh sock it
To me
