Everything I Did

Fury In The Slaughterhouse

It was the calm before the storm when we met
We've saved our lifes and lost our hearts instead
We've lost our consciousness
Lost everything we had
I thought I got you when I had you in my bed
Everything I did was wrong
And now you're gone
Everything I did was wrong
And now you're gone
And I was hoping, I was waiting,
I was calling out your name
And I was crying with your picture in the rain
I've told you fifty times a day that I love you
I knew you won't believe a word but it was true
I've lost my friends
And they all warned me cause they knew
That I was running deaf and blind into the blue
Everything I did was wrong...
