I can't be quiet for even a day, why, why me  
Everybody attention please I am gossip man

Ladies and gentlemen ho, they call me gossip man, you know  
You know, everyone knows, actually, it's not  
Today at a cafe, to a girl she said she got hit in the face with water  
Yesterday at a street, to some guy, said she kicked him with her feet  
Who, me? No, lie  
My rumor is asexual, the many eyes are too scary  
Now, this much is funny, in the past, I cried a lot  
All the more, the mouths swelled even more  
The thoughts longer, the words lessened  
The world cried at my life  
Because you're cool - yes I am cool cool  
I also enjoy it, yeah could be fun  
Yeah in this boring world, if one of me makes it more joyful  
Say Superman, Batman, like XO gossip man

At school, at the office, at work, even at home  
VCD radio MP3 hot news magazine too  
I'm waiting for something in a boring life  
Now, the story prepared for today is coming  
Today, the reporters pen will catch fire  
Do you see the search engine ranking  
Many netizens fingers are getting tired  
The situation is more serious, our world is a hot pot  
If you blink your eye, it should cool down  
You hand, do your thang, conduct zero, do my thang  
Because you're cool - yes I'm cool cool  
I also enjoy it, yeah could be fun  
Yeah in this world where its hard to live, if one of me comforts you  
Say Superman, Batman, like XO gossip man

Why do you have so many words  
What exactly are you so curious about  
Your own world, unnecessary controversy  
Don't be concerned and get up, go on, let him go
