

# Better Him Than Me

Gang of Four

He drives all week  
Where does he go?  
Only down one way streets  
He does not know

The car's not his  
Car's not his  
What does he care?  
Does he care?  
Goes A to Zed  
A to Zed  
And back from there  
And back from there

Parks in a mall  
Hears taped birds call  
They built these walls  
A palace for us all  
They built these walls  
A palace for us all  
A palace for us all  
A palace for us all

Sits fountain side  
To ease his mind  
The passers by  
Avoid his eyes

He always says  
Always says  
You got your health  
Got your health  
Shit happens, yeah  
Happens, yeah  
Just be yourself  
Just be yourself

Delayed when he  
Slowed down to see  
Crash casualty  
Better him than me

Crash casualty  
Better him than me  
Better him than me  
Better him than me

Better him than me  
Better him than me  
Better him than me  
Better him than me

Better him than me  
Better him than me  
Better him than me  
Better him than me

He listens to  
Talk radio  
Strangers who  
Break down on the phone

Strangers who  
Break down on the phone  
Down on the phone  
Down on the phone

Delayed when he  
Slowed down to see  
Crash casualty  
Better him than me

Crash casualty  
Better him than me  
Better him than me  
Better him than me

Better him than me  
Better him than me  
Better him than me  
Better him than me

Better him than me  
Better him than me  
Better him than me  
Better him than me
