

Sex Never Goes Out of Fashion

Garbage

She's the kind of girl who likes to do it stand up
From the back or anyway you want it, love
From the top if you keep it going all night
You're as good as the next for a fun time

Lookie here like a rabbit on the dancefloor
Party girl like you comin' in the back door
"C'mon boy, give it good, give an encore"
Never leave a hungry sister begging one more

You keep it good and she'll beat you at your own game
Flip a switch and she's crying out her own name
Keep a lady happy as a little lamb
Give her head and you're riding on a sure shot

It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot
It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot
It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot

Wham bam slam it like a mama's man
Baby's on her back doin' the can-can
Such a babe-licious poco loco
Make her bob, make her beg and sweat it hardcore
Honky tonk lovin' keep her trembling
Funky style's never out of fashion, man
Keep it fresh with something for the weekend
Good time, daddy... you're riding on a sure shot

It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot
It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot
It's a sure shot... honey, it's a sure shot
It's a sure shot, sure shot, sure shot
