

## Silence Is Golden

## Garbage

If I am silent then I am not real  
If I speak up then no one will hear  
If I wear a mask there's somewhere to hide

Silence is golden  
I have been broken  
Safe in my own skin  
So nobody wins

If I raise my voice  
Will someone get hurt?  
And if I can't feel then I won't get touched  
If no truths are spoken then no lies can hide

Silence is golden  
I have been broken  
Safe in my own skin  
So nobody wins

Did you hear me speak  
Do you understand  
Did you hear my voice  
Will you hold my hand  
Do you understand me

Won't someone listen  
Nobody gets in  
My body's a temple  
But nothing is simple  
Silence is golden  
I have been broken  
Something was stolen  
Safe in my own skin
