

# Groove With Me

Gareth Gates

Oh yeah alright, oh oh oh yeah  
Hey girl, excuse me, forsake me but  
It's your world, can I come inside  
Let's hit the floor, dance  
So much more  
I take you on a ride, oh yeah

I see that look in your eyes  
I can tell you're feeling me but acting like you're shy  
Don't be afraid to let go  
Just give in to the rhythm  
Let it take control

Let me show you the way I move  
I know that you want me too  
So baby groove with me  
There ain't nothing I wouldn't do  
I'm giving in to you  
So baby groove with me

Let me show you  
I wanna know you  
Don't be afraid  
I don't buy it unless you want it  
And so I'll wait till I am invited  
So feel my game  
I can tell you I'm turn down by it  
Come on let's play  
I promise that you'll like it, girl

We're moving slow  
I need to know  
Just doubt if you wanna go  
I think it's time to make up your mind  
So baby just let me show you  
Let me show you (let me show you)  
We'll move  
I wanna know you  
Come groove with, come groove with me  
Let me show you  
Nothing  
I wanna know you  
I wanna know you more
