

Sunshine

Gareth Gates

I'm the first to complain about the rain
'Cause I don't like it like that,
But when I see the sunshine breaking through the clouds
I'm lovin' the rest of the day.

Come take a walk with me
We'll take our time as we
Watch our cares float away
This is a time when I
Don't even have to try
Hope this happens today

Whatcha gonna do about it
Whatcha gonna say when I say
Baby, it's just one of those days
Whatcha gonna do today
You can see that I'm smiling
There's no denying
'Cos the sun is shining
Whatcha gonna do today
Whatcha gonna do today

Since the clouds up above obstruct the sun
I'll be waiting indoors (I'll be waiting)
But when I see the sunshine breaking through the clouds
I'm lovin' the rest of the day.

Come take a walk with me
We'll take our time as we
Watch our cares float away
This is a time when I
Don't even have to try
Hope this happens today

Whatcha gonna do about it
Whatcha gonna say when I say
Baby, it's just one of those days
Whatcha gonna do today
You can see that I'm smiling
(Baby) There's no denying
'Cos the sun is shining
Whatcha gonna do today
Whatcha gonna do today

Whatcha gonna do?
Whatcha gonna do today

Whatcha gonna do?
Whatcha gonna do today

Are you gonna tell me baby
Tell me whatcha gonna do

Baby tell me

Whatcha gonna do about it
Whatcha gonna say when I say

Baby, it's just one of those days
Whatcha gonna do today

Tell me!

You can see that I'm smiling
There's no denying
'Cos the sun is shining
Whatcha gonna do today

Whatcha gonna do about it
Whatcha gonna say when I say
Baby, it's just one of those days
Whatcha gonna do today

I'm in love with you

You can see that I'm smiling
There's no denying
'Cos the sun is shining
Whatcha gonna do today

Whatcha gonna do about it
Whatcha gonna say when I say
Baby, it's just one of those days
Whatcha gonna do today
