## A Friend to Me

## **Garth Brooks**

Well you and I We're buddies And we've been since we first met Me and you Well we've sure been through Our share of laughter and regret

Lord knows we've had our bad days And more than once we've disagreed But you've always been a friend to me

You can be so stubborn There's times I think you just like to fight And I hope and pray I live to see a day When you say I might be right

And there's times I'd rather kill you Than listen to your honesty But you've always been a friend to me

You've always been Time and again The one to take my hand And show to me it's okay to be Just the way I am With no apology

Oh you've always been And you will 'til God knows when Yes you've always been a friend to me
