

You Without Me

Gary Allan

Well I've seen that look a thousand times
I know that sparkle in your eyes and
I know what it means tonight
That's the dress you wore when we first met
And it always means you want to let your hair down
Ahhh and you just might
I've never seen you look so happy
You never looked so good in love

When I look into your eyes I still get weak
And when I'm this close to you I just can't speak
And it's hard to keep my hands to myself
when I know I can never love anybody else
You're all I want - You're all I need and
It's so damn hard to believe that's you without me.

Well that's your third glass of chardonnay
And he sure seems to know his way and
What to do and what to say
Well it's obvious that you've moved on
I'm still getting passed you being gone
And he's going home with you tonight

When I look into your eyes I still get weak
And when I'm this close to you I just can't speak
And it's hard to keep my hands to myself
When I know I can never love anybody else
You're all I want - You're all I need and
It's so damn hard to believe - I can't believe
That's you without me.

Don't think you ever looked more beautiful
And you've never been more gone

When I look into your eyes I still get weak
And when I'm this close to you I just can't speak
And it's hard to keep my hands to myself
When I know I can never love anybody else
You're all I want - You're all I need and
It's so damn hard to believe - I can't believe...
That's you without me.
That that's you without me.
