

## Pompeii

## Gatsby's American Dream

Set against the mountainside  
And oh the hubris burns so bright  
But more will burn tonight  
I'll bury this town in ash  
And paint the sky with fire  
The city is burning  
I'll tear down the walls  
I'm gonna getcha getcha getcha uh huh  
And there's nothing in the dark I won't bring to light  
And I will bury you  
They'll dig you up in 1500 years
