

By The Light Of The Silvery Moon

Gene Vincent

By, by, by the light of the silvery moon
I want to croon, to my honey in June love's tune
Honeymoon keep a shining in June
Your silvery beam will bring love dream
We'll be cuddling soon
By the silvery moon

By the light of the silvery moon
I want to spoon to my honey in June love's tune
Honeymoon keep a shining in June
Your silvery beam will bring love dream
We'll be cuddling soon
By the silvery moon

Honeymoon keep a shining in June
Your silvery beam will bring love dream
We'll be cuddling soon
By the silvery moon
