The King Of Fools

Gene Vincent

(Here comes the king of fools) (Here comes the king of fools)

Make way, make way I say Well, today is coronation day I'm gonna wear my heartbreak For a crown And tears instead of jewels 'Cause I'm his majesty, The king of fools

Raise a cheer as he passes by Drink a toast to this lonely guy I'm gonna wear my heartbreak for a crown And tears instead of jewels 'Cause I'm his majesty, The king of fools

How can you fall Oh, slap bang out of love Don't ask me, you should know, You found it easy enough

Make way, make way I say Well, today is coronation day I'm going to wear my heartbreak for a crown And tears instead of jewels 'Cause I'm his majesty, The king of fools

How can you fall Oh, slap bang out of love Don't ask me, you should know, You found it easy enough
