

Shakin' All Over

Generation X

When I feel, you're right up close to me
That's when I get, shakes all over me
Quivers from your backbone
Well, shakin' from the kneebone
Yeah, shakin' from the sidebone
Shakin' all over

I went to the doctors just the other day
Yeah, I'm about to tell you what the man has to say
Quivers from your backbone
Well, shakin' from the kneebone
Yeah, shakin' from the sidebone
I'm shakin' all over

I'm havin' a, nervous breakdown, yeah
A metal shakedown, yeah

When I feel, you're right up close to me
That's when I get, shakes all over me
Quivers from your backbone
Yeah, shakin' from the kneebone
Yeah, shakin' from the sidebone
I'm shakin' all over
