Aspirations

Gentle Giant

As the dust settles, see our dreams, all coming true it depends on you, If our times, they are troubled times, show us the way, tell us what to do.

As our faith, maybe aimless blind, hope our ideals and our thoughts are yours And believing the promises, please make your claims really so sincere.

Be our guide, our light and our way of life and let the world see the way we lead our way. Hopes, dreams, hopes dreaming that all our sorrows gone.

In your hands, holding everyone's future and fate
It is all in you,
Make us strong build our unity,
all men as one
it is all in you.

Be our guide, our light and our way of life and let the world see the way we lead our way. Hopes, dreams, dreaming that all our sorrows gone forever.
