

Til I Hear from You

George Jones

I won't believe a word, till I hear it from you

Draw me a picture, guess I'm a fool
I won't believe a word, they say about you
Send me a paper, have it notarized, too
That still won't mean a thing, till I hear it from you

Draw up a picture, might as well paint it blue
That's how I know I'll feel, if I find hope that's true
Write me a letter, address it a-fool
I won't believe it then, till I hear it from you

They liked me in Pittsburgh, everywhere I go
The sudden conversation, he'll be the last to know
Put it in the papers, make it headline news
I won't believe it then, till I hear it from you

I won't believe it then, till I hear it from you
