

Designation

Gladiator

extasions of fear
alters feelings to dust
a man can't see a man
everything in hate ambrace

births with tears
funerals without cry

closeness, envy
hate in every deed
betraying
one another

a world of cruelty
prisoners of reality
a man failed by wrong
designation, a sign of end

a life psychic torture
isolation of a person
everybody's alone
at a birth, at a death

petrified souls
this black day'll run out fast
deluged nations
in blod, without breath
