

Price of you

Gladiator

All the pricess of my own
What's important just a theatrical role
I'm learning how to stay
This is not a comfort to free ourselves

We won
I know the price of you
Come in boy ...

What's your price bigger like mine?
You can't know that you're so weak
And trying the other side of bog
I'm still learning how to stay
Everyone glitters like a star till his end

We won
I know the price of you
Come in boy ...
For learning
I have known my price and yours more'n'more
