

## Sweat fruit

Gladiator

Suck my taste  
Hit my pain  
Flood my body by your sweat  
You know it takes my breath  
so make me slight  
so make  
Turn with me  
Leap on me  
I love it the choice's piquanter  
You're eternal hell who I burn up, fill me

Don't let my fruit  
take it through  
right way the crude  
I wanna squirt

Don't let my fruit  
my body to cool  
I wanna squirt  
easily to flood  
make my fruit  
relax my memory

Drive my mind  
Buy my cry  
Stamp up kind some way, the other  
Use the fantasies what I need this time, for this  
through the pain  
through delight  
still deeper taste by every hour  
suck by suck  
and move by move with you
