

Useless child

Gladiator

Born for sacred empty way
afterdeath live promised by life-long humility
machine rules designated by last ages
life at ground in silence liveout and also die
millions of infected worshipmen of god
faith in images, in unexist master
sermons of god's agents without begin and end
just don't admit to recognize gifts of the world

Useless child

Welfare of choicemen latent by afterdeath
humble education in fear before statue on cross
naïve obedience kills sovereignty efforts
don't reason only march for cross to paradise.

Dissuaded child
deference
to pain,
to death

Paradise begin by death
spirit displaces live essence
hallowed temptations calls for death
psychical prey loyal clargy false.
