

The Only One

Glamour of the Kill

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one

I had to leave this place, you are the one I left behind
Cut up at home and you, girl, before I lose my mind
I feel emptiness without you in my life
You make me out sight but never out of mind

Through it all I tried to call,
I had so much to say
I cried all night to be by your side
Baby, can't you see?

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one
You are the only one

In the middle of the night,
I thought I heard you call my name
So I call out to you
But you're so far away

we've been apart for far too long
I need you here with me
One day I'll be by your side
And then I'll make you see

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one

And out of sight isn't out of mind
It won't be long till I'm by your side
Now, out of sight isn't out of mind
It won't be long till I'm by your side
we've been apart for far too long
I need you here with me
One day I'll be by your side
And then I'll make you see

You are the only one
You are the reason

The air inside my lungs
The only, the only one

You are the only one
You are the reason I am strong
The air inside my lungs
The only, the only one
