

# Blues (My Naughty Sweetie Gives To Me)

Glen Campbell

Now there are blues that you get from loneliness  
There are blues that you get from pain  
There're blues when you are lonely for your one and only  
Blues that are hard to explain

And there are blues that you get from cryin'  
But the meanest, the meanest blues that be  
They're kind that I got on my mind  
Blues there are all very meanest kind  
All the blues my naughty sweetie gives to me  
Oh, yeah

Oh, they're blues you get from women when you see 'em goin' swimmin' and you haven't got a bathin' suit yourself  
There are blues that start to flicker when you had a lot of liquor and someone goes and takes it off the shelf  
There are blues you get from sittin' on the dock, and you wonderin' if your little boat is gonna rock  
Blues you keep a gettin' in a taxicab a pettin' every time you hear the meter jump the clock

And there are blues you get from cryin' when your uncle Will is dyin' and he afterwards forgets you in his will  
There are blues you get from kisses when you are walkin' with the missus and another baby shouts, "Hey!!"  
Blues that kinda make you hop and really shake and shiver, kinda make you want to end it all in the river  
Blues my naughty sweetie gives to me

Now there are blues you get from women when you see 'em goin' swimmin' and you haven't got a bathin' suit your own self  
There are blues that start to flicker when you had a lot of liquor and someone goes and takes it off the shelf  
There are blues you get from waitin' on the dock, and you wonderin' if the boat's gonna rock  
Blues you keep a gettin' in a taxicab a pettin' every time you hear the meter jump the clock

And there are blues you get from cryin' when your uncle Will is dyin' and he afterwards forgets you in his will  
There are blues that get from kisses when you are walkin' with the missus and another baby shouts, "Hey, Bill!!"  
Blues that kinda make you hop and really shake and shiver, kinda make you want to end it all in the river  
Blues my naughty sweetie gives to me  
Let me hear it again  
Oh, blues my naughty sweetie gives to me  
Just one more time!

Blues my naughty sweetie gives to me

Yeah!
