

# For Sure, for Certain, Forever, for Always

Glen Campbell

When you call to me  
I will hear you  
I'll be near you  
Through storm and strife

And I will love you  
For sure, for certain  
Forever and always  
For-or all of my life

And in the darkest night  
Close together  
When winter weather  
Cuts like a knife

I will still love you  
For sure, for certain  
Forever and a-always  
For-or all of my-y life

And if the sky should fall  
And shatter 'round me  
And fire surround me  
Through terror's rife

I will still love you  
For sure, for certain  
Forever and a-always  
For-or all of my life

I will still, I will love you  
For sure, for certain  
Forever and a-always  
For-or all of my life

For all of my-y life
