## **Heaven's What I Feel**

## **Gloria Estefan**

Love sometimes Can be like destiny There's no way to say forever It may not realize your dreams And love sometimes Is like the blowing wind It can take us to wherever Sending us on silent wings

But I have broken All the rules of love I never dreamed that I could Come this far And now I'm lost in my emotions You're becoming my devotion There's nothing I can do To stop this love for you

I was not supposed to fall in love with you I have someone else And someone else is loving you And I was not supposed to let this love get through So let me say for real Heaven's what I feel when I'm with you This feeling is forever You make me feel like heaven My love is true when I'm with you

How could I Have known that in your eyes I would find the deepest answers To the questions of my heart And how could I have known That by your side Was the light to fill the darkness In the shadows of my life

But I have broken All the rules of love I never dreamed that I could Come this far And now I'm lost in my emotions You're becoming my devotion There's nothing I can do To stop this love for you

I was not supposed to fall in love with you I have someone else And someone else is loving you And I was not supposed to let this love get through So let me say for real Heaven's what I feel when I'm with you This feeling is forever You make me feel like heaven My love is true when I'm with you

Heaven, heaven

Is what I feel when we're together Heaven, heaven Just look in my eyes and you'll see it's the truth I was not supposed to fall in love with you I have someone else And someone else is loving you

And I was not supposed to let this love get through So let me say for real Heaven's what I feel And I was not supposed to let this love get through So let me say for real Heaven's what I feel when I'm with you
