

# I Can't Believe

Gloria Estefan

I would never dream when I go out  
That I'd bump into you  
Dancin' on the floor  
I'd a' bet all my money  
There is no doubt  
I'm glad I didn't bet cause I'd be broke

Yesterday's gone, long gone  
We could go through it  
But that won't be right  
Let's just move on 'til the morn'  
Cause there's magic in this building tonight

I can't believe that it ended up being you and I  
I can't believe that this night has just begun  
Mi amor, life is really something else, right  
Well I believe that now it's time for fun

Celebrate with me  
Fiesta baby

Seré yo o será la espera  
Warm Miami night, 75, the breeze just blows  
Maybe it's the cowbells or the shakers  
Or simply just the combo I don't know

Here we go back again with another opportunity

So much has happened right  
You look good and I've been fine  
Let's put it all aside  
Away-O

Relays are not my type, but  
This DJ's got it right  
Let's let go and take flight
