

# I Wish You

Gloria Estefan

The day I was born I knew a lot of things  
But now that I'm grown I'm just remembering where I have been  
Might of we met before  
Suddenly something just led you back to my door  
Looking to settle the score, but no more

Deceive me, hurt and mislead me  
All that I wish you is love  
Confuse me, damage and use me  
All that I wish you is love

Believe me it's hard to turn the other cheek  
Faithful and kind might be confused for weak, an innocent streak  
Learning a lot from you  
Making me stronger each time you think I've been beat  
Whatever you scatter, you reap, but doubt me

Defeat me, shame and mistreat me  
All that I wish you is love  
Despise me, lie, criticise me  
All that I wish you is love

Then I forget but I forgive you, if it happens again  
The way that I grew, I owe it to you  
I have you to thank

Deceive me, hurt and mislead me  
All that I wish you is love  
Confuse me, damage and use me  
All that I wish you is love

Defeat me, shame and mistreat me  
All that I wish you is love  
Despise me, lie, criticise me  
All that I wish you is love  
All that I wish you is love
