Don't Look Down

How much longer 'til the curtain rises? First night stage fright always hypnotizes Leading ladies never think about it Live without it

Try to hide your fear of falling Keep your eyes on me, I'm calling

Don't look down girl You know you're holding aces Don't look down girl Don't give the game away

One more heartbeat and you walk the wire Why wait? Ooh, it's too late to put out the fire Almost strangers, can you stop deceiving Start believing

Try to hide your fear of falling Keep your eyes on me, I'm calling

Don't look down girl You know you're holding aces Don't look down girl Don't give the game away, 'cause baby

Oh, even when you feel you can't go on Laughing at the rain you fool no one If you don't wanna lose what you have found Then don't look down

Changing partners is just substitution It's no solution

Try to hide your fear of falling Keep your eyes on me, I'm calling

Don't look down girl You know you're holding aces Don't look down girl Don't give the game away

Don't look down girl You know you're holding aces Don't look down girl Don't give the game away

Don't look down Don't look down Don't look down Go West
