

# Crushed Out

Goapele

You know I'm crushed out on you, you alone  
If I thought you had my number I'd stay home by the phone  
Day and night I sit and wait for you to call me  
But only time will show how far it can go

His voice, it comforts me, sweet and raspy tone of love  
It trails me into dreams, I wanna wake up to it, full blast  
His name alone gives me a rush, what a feeling  
I can feel it in my bones, a spirit I'm craving in my soul  
You could feel it all but you don't even know

That I'm crushed out on you, you alone  
If I thought you had my number I'd stay home by the phone  
Day and night I sit and wait for you to call me  
But only time will show how far this can go

I'm longing for the space and time to chill with you  
Thinking of the ways that I could keep my cool  
But this brown eyed girl and brown eyed boy  
Time stood still and passed us by  
'Cause baby I, I've been waiting for a little time

Oh, and you were so beautiful and You're my kind of guy, if I had a type of guy, I'd say it's you  
So don't let them bring you down  
'Cause right about now I like having you around  
And if it's real that's where hearts resides

And I'm crushed out on you, you alone  
If I thought you had my number I'd stay home by the phone  
Day and night I sit and wait for you to call me  
But only time will show how far this can go

If you think of me half as much as I do you  
Confide in me, let's play for keeps  
And I can tell you all the things I longed to say  
The future wants, we'll find a way and we can let it go

'Cause I'm crushed out on you, you alone  
If I thought you had my number I'd stay home by the phone  
Day and night I sit and wait for you to call me  
But only time will show how far this can go

I'm crushed out on you, you alone  
If I thought you had my number I'd stay home by the phone  
Day and night I sit and wait for you to call me  
But only time will show how far this can go
