

Extra, Extra

Gob

extra, extra! read all about it!
everYone in every state thinks everyone is free.
i don't know,
i have a feeling every form of media is fucking with our heads
and filling us full of shit. that's ok, they're so fucking lame
,
they're so lame, they're so fucking lame.
i don't know,
i think i heard about a guy that bought a gun
and went on a killing spree because of something he saw on tv.
every time i read the paper i get more disgusted then the time
i read before.
