this bridge is falling down and just like it was before, it's bad, and i made it recur.

crossed the bridge and it caught my attention, an ocean, diluting frustration.

- so i smashed it down in search of contentment,
- i fell down and into the ocean but now i am wet,
- shivering wasted and i recognize my degeneration.
- i can see so clearly now that i am searching for simplicity.
- i can face the problem now as i look into the mirror i don't ha te you.
- as a crutch when i am dependent, i reach out and it won't reject me.
- like a blanket when you need warmth it surrounds me but it stil 1 feels cold.
- i can face the problem now that i am searching for felicity.
- i can see so clearly now. when i look into your eyes i don't ha te you.
