

# Bad Religion

Godsmack

Get back!

Can you feel I'm not like you anymore  
I can't see I cant breathe  
See you quiver like the dogs on the streets  
Looking down on as I beat you

It's a bad religion from a broken nation  
It's a contradiction  
And I cant take it anymore

Whos to say I wont like you anyway  
Take a deep breath I'm alive  
Can you hear me I'm alive inside of you  
Agony creeps up behind you...

It's a bad religion from a broken nation  
It's a contradiction  
And I cant take it any fucking more

It's a bad religion from a broken nation  
It's a contradiction

Can you feel it? I gotta live it with everyday  
I cant take the pressure, I'm goin insane  
Now go away!  
Go away!
