

I Fucking Hate You

Godsmack

For everything you do
I'd like to swallow you
And everyday I'm gonna blame you
Even If you jutify
Every fuckin bullshit lie
It only makes me want to break you

You pull be down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin
Cause I fuckin hate you
You're such a liar
I love to hate you
You're all the same to me

When you repeatedly
Take advantage of me
The only thought I get of you
Sickens me
Everybody knows your fake
You're everything I fuckin hate
And I'm everything you'll never be

You pull be down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin
Cause I fuckin hate you
You're such a liar
I love to hate you
You're all the same to me

I fuckin hate you
You're such a liar
I love to hate you
You're all the same to me

Fuck you
Fuck you
Fuck you
Fuck you

You pull be down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin
Cause I fuckin hate you
You're such a liar
I love to hate you
You're all the same to me

And I fuckin hate you
You're such a liar
I love to hate you
You're all the same to me

Fuck you
Fuck you
Fuck you
Fuck you
