

Sick of Life

Godsmack

Paralyzed. Nothing's getting through to me.
Hypnotized from all my surroundings.
I wanna be something I could never be.
I wanna say things that I could never say.
Yeah, I'm gonna do it again!

Sick of my life. I'm tired of everything in my life.

Dragged down. Rubbing my face in the ground.
No time for the undecided.
I wanna know why I've always felt alone,
And I wanna love. Why am I untouchable?
Yeah, I'm gonna do it again!

Sick of my life. I'm tired of everything in my life.
I never wanted to be sick of my life.
I'm tired of everything in my life.
