

# Supertheory of Supereverything

Gogol Bordello

First time I had read the Bible  
It had stroke me as unwitty  
I think it may started rumor  
That the Lord ain't got no humor

Put me inside SSC  
Let's test superstring theory  
Oh yoi yoi accelerate the protons  
I stir it twice and then just add me, 'cause

I don't read the Bible  
I don't trust disciple  
Even if they're made of marble  
Or Canal Street bling

I don't read the Bible  
I don't trust disciple  
Even if they're made of marble  
Or Canal Street bling

From the maelstrom of the knowledge  
Into labyrinth of doubt  
Frozed underground ocean  
Melting - nuking on my mind

Yes give me Everything Theory  
Without Nazi uniformity  
My brothers are protons  
My sisters are neurons  
Stir it twice, it's instant family!

I don't read the Bible  
I don't trust disciple  
Even if they're made of marble  
Or Canal Street bling

My brothers are protons  
My sisters are neurons  
Stir it twice dlja prekrastnih dam...

Do you have sex maniacs  
Or schizophrenics  
Or astrophysicists in your family  
Was your grandma anti anti  
Was your grandpa panty panty  
Hek-o-hek-o-hej-o  
They ask in embassy!

Boom! I don't read the Bible  
I don't trust disciple  
Even if they're made of marble  
Or Canal Street bling

And my grandma she was anti!  
And my grandpa he was panty!  
And stir it twice  
And then just add me!
