

## Spaceman

## Goldie Lookin' Chain

Its all too much I'm coming down,  
I use to have a smile but now I got a frown,  
Crying over spilt milk, a bad hair day  
Its doing me in I got to get away,  
take a rain check go on a retreat,  
Follow my dream and join up with the fleet  
I wanna go to space just for a while,  
I can turn my frown back into a smile

Time to get away far away from here,  
Past the clouds to the stratosphere,  
Its got to much I need my own place,  
retire for a while get out of the race,  
I need a stellar message sent through the sky,  
pack my bags going to say goodbye,  
follow sputnik, I've got a plan,  
gonna get away gonna to be a spaceman,

planetary most extraordinary craft, you've been observing our Earth

Fed up with the traffic fed up with the cars,  
gonna swap it for a rocket and go to the stars,  
put on my spacesuit I'm on the launch pad  
I'll wave to my mum, my sister and my dad,  
start the countdown I'm off to the moon,  
don't worry about me I'll be back soon,  
I'll send a postcard from my planetary base,  
I'll think about you every day when I'm in space

You know I got a plan, gonna to be spaceman, gotta get away and go to space  
someday

You know I got a plan, gonna to be spaceman, gotta get away and go to space  
someday

When you hear the rockets start to blast,  
put all of the bad stuff in the past,  
the people I missed was why I had to stay,  
but I know I'll be a spaceman someday, Spacemaaaaaaaaaaaaan
