

## Old School Shirt

Gomez

I'm just mad about my old school shirt  
The frills, they are a must  
The things of all those kids and that old city school  
All those kids are lost  
Them kids are lost  
They're lost

I'm just mad about that old radio  
The tunes that it used to play  
How come you ain't singing now well  
Did our voices get away  
Well did they get away  
Get away

I'll be shooting holes in the sky to make it rain,  
make it the same  
Shooting holes in the sky once again.

I'm just mad about all those people  
Who came but did not stay  
They sit so quietly my memories  
Gone but not on me

Shooting holes in the sky to make it rain, make it the  
same  
Shooting holes in the sky once again.  
Shooting holes in the sky to make it rain, make it the  
same  
Shooting holes in the sky once again.

Caught in a headlock, I wanted to be the same  
Caught in a headlock, I wanted to be the same  
Caught in a headlock, I wanted to be the same  
Caught in a headlock, I wanted to be the same  
Again.
