

Highway (Under Construction)

Gorillaz

Well, I'm builiding a highway back,
back to the heart of things
[?] back,
back to the heart of things

So, I'm building a ? back
All our city gone red
When I get it all from you,
I'm gonna get it all, true, true

It's cold when I say goodbye
People holding a meaning, why
But you never let the car get in
Howling on the sound of swim

Did you want it?
Well, I'm [?] road
[?] road
Say what you want
Don't bring anything back to me
Cause I'm holding a [?]
Hoping to run out of my lie
If I get a lot from you
I'll make it all come true
