

# Stop The Dams

Gorillaz

When you're smoking tinfoil in the morning  
It's gonna be a cold day  
When you're keeping everything inside you  
It can only hurt you

Unrelated sounds  
The sun will shine again  
You hold it in your hands

This young land is a young land let it stay that way  
Its pollution only turns you into something you don't want to see in  
the water  
A reflection of them that you receive

You don't own the sun  
And the sun won't shine again  
So maybe you're all in love  
With Aluminium

The cling and a clang  
Is the metal in my head when I walk  
I hear a sort of, this tinging noise  
Cling clang  
The cling clang  
So many things happen while walking  
The metal in my head clangs and clings as I walk  
Freaks my balance out  
So the natural thought  
Is just clogged up  
Totally clogged up  
So we need to unplug these dams  
And make the the natural flow  
It sort of freaks me out  
We need to unplug the dams  
You cannot stop the natural flow of thought  
With a cling and a clang

And wake me up again until  
We're Aluminium  
You hold it in your hands  
The sun will shine again  
The sun will shine again  
The sun will shine again  
The sun will shine again  
The sun will shine again  
The sun will shine again
