

# Can't Be with You Tonight

Grand Funk Railroad

I can't be with you tonight  
It couldn't be right  
And the further from sight the better

I can't be with you tonight  
And there ant no use pretendin  
Cause it couldn't be right  
At least not from this end girl  
And the further from sight the better

Girl there's somthin that won't let me be  
And it's tryin to hide inside of me  
There are some things that you'll never see  
Never see baby ever  
It's not that i'm so clever  
It's just that it's better

I can't be with you tonight  
And there ant no use pretendin  
Cause it couldn't be right  
At least not from this end girl  
And the further from sight the better

Get this feeling cause i never knew  
Girl what you had deep inside of you  
Now it looks as though i was a fool  
Cause it was me not you baby  
You had to do what you had to do baby  
Now it looks like we're through baby

I can't be with you tonight  
Oooo oooo oooo oooo oooo oooo

Can't be with you tonight  
I can't be with you

It couldn't be right  
I can't be with you  
The further from sight the better

I can't be with you tonight  
And there ain't no use pretendin  
Cause it couldn't be right  
At least not from this end girl  
And the further from sight the better

I can't be with you tonight  
Oooo oooo  
It couldn't be right  
Oooo oooo  
The further from sight the better
