

Pass It Around

Grand Funk Railroad

I wish I had a place to stay in L.A. for a week or so.
I feel like bein' jive, hangin' out, maybe go to Mexico.
'Cause dreamin', baby, that's the way I wanna' be.
Just wanna' sit in a tree, sail out to sea, live like some fant
asy, ahh baby.

'Cause I'm tired of thinkin', and too much drinkin', all my tro
ubles away.
Tired of goin' to get layed at the lost and found.
Tired of dealin' with love hurt feelings, and all I got to say,
In view of all that's been goin' down,
I think I'll go on out and pass it around.

I wonder why I'm doin', what I've been doin' for a while.
Can't say it's the money, no, so maybe it's the style.
'Cause dreamin', baby, that's the way that I like it.
Just wanna' get on a plane, go some place insane, throw myself
one real good fit.

'Cause I'm tired of thinkin', and too much drinkin', all my tro
ubles away.
Tired of goin' to get layed at the lost and found.
Tired of dealin' with love hurt feelings, and all I got to say,
In view of all that's been goin' down,
I think I'll go on out and pass it around.

I think I'll go on out and pass it around.
Listen to me baby.
Pass it around.
I think I'll go on out and pass it around.
I want to pass it around.
I want to get on out and pass it around.
I want to pass it around.

'Cause I'm tired of thinkin', and too much drinkin', all my tro
ubles away.
I want to pass it around.
Tired of goin' to get layed at the lost and found.
I think I'll go on out and pass it around.
Tired of dealin' with love hurt feelings, and all I got to say,
I want to pass it around.
In view of all that's been goin' down,
I think I'll go on out and pass it around.
